

Building Efficiency Intern

February 1, 2017

SOL VISTA helps hotel and other commercial building owners reduce their utility costs and environmental impact. Our customers are located throughout the U.S., and include well-known brands such as W Hotels, InterContinental, Sofitel, Viceroy, and Westin.

Location: Silver Spring, MD (3 blocks from Silver Spring Metro Station, Red Line)

Position Title: Building Efficiency Intern

Position Overview: The ideal candidate should be excited about the prospect of working in a start-up environment on energy-efficiency-related projects and technology. For the right candidate, this is an excellent opportunity to contribute to services and technology that link commercial real estate, energy, and environmental sustainability.

Responsibilities:

- Process, analyze, aggregate, and input utility data, as needed.
- Perform ad hoc research projects.
- Assist with preparation of marketing materials.
- Take on other responsibilities as role develops and as may be appropriate.

Requirements:

- College graduate or currently enrolled college student (juniors, seniors, or recent alum preferred).
- Superior verbal and written communication skills.
- High-proficiency with Microsoft Office programs, especially Excel.
- Ambitious with ability to work independently.
- High GPA and track record of extracurricular activities.
- Strong attention to detail and sense of professionalism.

Preferred:

- Some experience with programming concepts and languages

Start date: May (negotiable)

Duration: Three months (flexible)

Hours per week: part-time, minimum 20 hours per week

Compensation: \$11 per hour

Benefits:

- Make a difference: Every kilowatt, therm, or gallon of water saved reduces the world's resource needs and helps combat GHG emissions
- Constant cross-team collaboration to create new and innovative products to transform the building efficiency market
- Start-up culture: From team outings, our office snack drawer and espresso machine, to education opportunities and our collaborative office culture, SOL VISTA provides a work environment to succeed and for your ideas to take root and grow

For More Information or To Apply: Email resume along with a simple paragraph stating interest and general availability to jobs@solvista.com. Please include as the email's subject: "*Building Efficiency Intern: [your name]*". No phone calls or drop-ins please.
